# Quick-Grids®

Pre-made grids that are ready-to-use on any whiteboard!

Quick-Grids offer a simple and cost-effective way to display information clearly, at-a-glance. Quick-Grids are grid panels that can be used separately or combined to construct professional looking grids for use on any dry erase or smooth surface. Grids are sold as single 15" x 25.3" pieces. You can easily combine single grids to create larger, custom grids. For example, six single pieces will create a 4'x4' grid. Choose from peel & stick or magnetic panels in a variety of color options.

## Benefits of Quick-Grids®

- **Display information clearly, at-a-glance**  
Create professional, high-impact schedules and charts managed from a centralized location.
- **Color Code**
